To whom it may concern:

In 2006, Northwest Medical Center started a mammogram/breast care group called Fearless & Fabulous. Sherry found us through an internet search and after talking to her and reviewing her Web site, I knew she would be a perfect fit as the keynote speaker for our Fearless & Fabulous event on Sunday, September 10, 2006.

Sherry enthusiasm and passion is obvious. At the event, she went guest-to-guest and introduced herself. She made a point to connect with everyone. Sherry's message is one of faith, family, friends and humor in everyday life, not just when dealing with cancer. She stresses the need for people to be educated about their healthcare choices.

I believe our guests benefited from Sherry's lecture, regardless if they were a cancer survivor or not. She helped create a special afternoon for our attendees.

Sincerely,

Jolene Campbell
